

Are you interested in Astronomy and Space?

**Do you wonder what planets can be seen
in the night sky, or what that bright star is?**

Come along to one of our meetings

**We can show you what to look for, explain what you are seeing, and
give advice on telescopes**

**RAG offers talks, presentations about the night sky, and outreach
events, plus private events***

**If the sky is clear, unless there is a Guest Speaker, any formal talks etc.
will be postponed, and the evening will turn into a live observing event**

For private/ bespoke events, a small fee will be charged. Contact RAG for details
